

ESCCA

Zoom schedule

Thursday, April 22nd

Schedule	Topic
10:00-10:30	Cytognos: About us
10:30-11:30	How to evaluate the quality of your flow cytometry files
11:30-12:00	Multidimensional and spectral analysis with Infinicyt™
12:00-12:30	Ask Me Anything: Infinicyt™
12:30-13:30	Omnicyt™ online demonstration
13:30-14:00	Ask Me Anything: Omnicyt™
14:00-14:30	A novel approach for AML prognosis: Alkaline Phosphatase
14:30-15:00	Omnicyt™: CE-IVD NGF solution for high sensitivity studies and MM MRD
15:00-15:30	Blood monocyte subsets in clinical practice: TiMaScan™
15:30-16:00	T-cell immunotherapy research
16:00-16:30	Ask Me Anything: EuroFlow™ Panels
16:30-17:00	Cytognos: About us

Friday, April 23rd

Schedule	Topic
10:00-10:30	Cytognos: About us
10:30-11:30	Immune monitoring of COVID-19 patients: Using the PID Orientation Tube
11:30-12:05	Multidimensional and spectral analysis with Infinicyt™
12:05-12:35	“State-of-the-art reporting for measurable residual disease assessment” in IPP03: ESCCA Industrial Partner Presentation 3
12:35-13:30	Omnicyt™ online demonstration
13:30-14:00	Ask Me Anything: Omnicyt™
14:00-15:00	Your cheat sheet for smarter Clinical Flow Cytometry testing
15:00-15:30	Omnicyt™: CE-IVD NGF solution for high sensitivity studies and MM MRD
15:30-16:00	T-cell immunotherapy research
16:00-16:30	Ask Me Anything: EuroFlow™ Panels
16:30-17:00	Cytognos: About us

Saturday, April 24th

Schedule	Topic
10:00-10:30	Cytognos: About us
10:30-11:30	Immune monitoring of COVID-19 patients: Using the PID Orientation Tube
11:30-12:00	Multidimensional and spectral analysis with Infinicyt™
12:00-12:30	Ask Me Anything: Infinicyt™
12:30-13:30	Omnicyt™ online demonstration
13:30-14:00	Ask Me Anything: Omnicyt™
14:00-14:30	Omnicyt™: CE-IVD NGF solution for high sensitivity studies and MM MRD
