

VI. PRAGUE SCHOOL ON FLOW CYTOMETRY- PRACTICAL AND INTERACTIVE COURSE ON ADVANCED APPLICATIONS IN HEMATOLOGY-ONCOLOGY AND IMMUNOLOGY

under the auspices of the European Society for Clinical Cell Analysis

20-25 MAY 2019 PRAGUE, CZECH REPUBLIC

- ✓ **Protocols, Analysis, Interpretation and Validation following updated ESCCA/ ICCS, ELN, ERIC, AIEOP-BFM and EuroFlow Guidelines**
- ✓ **Advanced software practicing**
- ✓ **Guidelines for ISO 15189 Accreditation**
- ✓ **ESCCA Certification for Cytometry Operators**
- ✓ **Training for Second Level ESCCA Certification**
- ✓ **Distinguished European Speakers**
- ✓ **High rating from participants**

DEADLINE FOR APPLICATION: 31.12.2018!!!

Local organizer/contact: Iuri Marinov iuri.marinov@uhkt.cz

Topics

1. Technical aspects of polychromatic flow cytometry- multicolor panel design
2. Cytometry and normal hematopoiesis
3. ALL: immunophenotyping, interpretation, MRD assessment, case presentation, data file analysis, validation and standardization
4. B-CLL: immunophenotyping, interpretation, MRD assessment, case presentation, data files analysis, validation and standardization
5. B-LPD/NHL: immunophenotyping, interpretation, MRD assessment, case presentation, data files analysis, validation and standardization
6. T-LPD/NHL: immunophenotyping, interpretation, case presentation, data files analysis, validation and standardization
7. MGUS/MM: immunophenotyping, interpretation, MRD assessment, case presentation, data files analysis, validation and standardization
7. AML: immunophenotyping, MRD assessment, case presentation, data files analysis, validation and standardization
8. Acute leukemia of ambiguous lineage: immunophenotyping, classification, case presentation
9. MDS: immunophenotyping, interpretation, case presentation, data files analysis, validation, standardization
10. GPI deficiency testing in PNH and bone marrow failure syndromes: analysis, interpretation, data file analysis, validation, standardization
11. Advanced Immunology
12. Validation and standardization of FCM assays
13. Accreditation following ISO-15189
14. Clinical Flow Cytometry self-evaluation

Faculty

Marisa Westers- Amsterdam, NL
Angele Kelder- Amsterdam, NL
Andy Rawstron- Leeds, GB
Marie-Christine Béné- Nantes, FR
[Paula Fernandez - Aarau, CH to be confirmed](#)
[Silvia Della Bella- Milan, IT to be confirmed](#)
Ester Mejstříková- Prague, CZ
Iuri Marinov- Prague, CZ
Lucie Říhová- Brno, CZ
Miro Benko- Prague, CZ
Martin Špaček- Prague, CZ
